Faculty Phased Retirement*

- Phased retirement = reduction in duties but counted as full-time service.
- Maximum of 50% reduction for maximum of 6 years
 - Check with your Faculty Affairs or Dean's office on any limits
- Benefits continue but salary related benefits are based on reduced salary
- Issues to consider during the planning process:
 - scheduling concerns, sufficient notice
 - no impact on FIAP: calculation of FIAP benefit will be based on full-time equivalent of salary
- Application process:
 - written request to Chief/Chair, Dean; include date of retirement
 - subject to review and approval by Chief/Chair, Dean and Provost

**Handbook for Faculty and Academic Administrators, II.E.9*

Faculty Income Allowance Plan (FIAP)

- Plan Benefit payments are subject to federal, state, city, Social Security and Medicare taxes
- Provides an opportunity for eligible senior faculty members to retire from active service:
 - Tenured members of the Standing Faculty
 - Associate/Professors of the Standing Faculty-CE
- Provides income for two years (24 payments)
- FIAP brochure: https://www.hr.upenn.edu/docs/default-source/benefits/fiap_benefits_summary.pdf

FIAP

- When FIAP begins, the faculty member is retired. The faculty member relinquishes appointment in the Standing Faculty and the faculty appointment is converted to **Emeritus**.
- A faculty member may choose to use or **not** use the “emeritus” designation. The department must be notified by the faculty member of the election in advance of retirement.

FIAP Benefit Eligibility

- Ages 60-69: Senior faculty members who have 10 or more years of *full-time continuous service* (as standing faculty members) and who terminate on or after age 60 but before June 30th of the academic year in which they reach age 69 are eligible to receive FIAP benefits if they satisfy a “rule of 75” requirement (that is, the combined age and years of full-time service of the faculty member equals or exceeds 75).

OR ---

FIAP Benefit Eligibility

Applies only to faculty who do not qualify under regular eligibility:

- Age 69 or later: Senior faculty members who satisfy the 10 years of full-time continuous service and “rule of 75” requirements on or after age 69 may also receive FIAP benefits. Such senior faculty members generally must terminate as of the academic year-end (June 30) **immediately** following the satisfaction of the eligibility requirements.
- **Example:** a senior faculty member whose FT faculty appointment began at age 65 will be eligible for FIAP as of June 30 after 10 years of service at age 75. A **one time opportunity** for FIAP!

FIAP Benefit

- **Equal to the greater of**
 - 165% of the faculty member's academic base salary as of date of termination **or**
 - 165% of the average academic base salary for professors in the school

Note: In no event may a faculty member's FIAP benefit exceed 200% of the faculty's member's total compensation in the calendar year preceding the academic year of termination.

- **Example:** $\$150,000 \times 165\% = \$247,500$.
 $\$247,500$ divided by 24 months = $\$10,312.50$ per month

- Academic base **does not include:**
 - salary attributable to CPUP, administrative stipends, or any other compensation paid by an entity other than the University of Pennsylvania
- Confirm academic base salary and FIAP benefit amount with Department Business Administrator
- Paid in 24 equal installments
- FIAP benefit paid out of University's employee benefits pool

FIAP

NOTE: Phased retirement and sabbatical must end before FIAP or any retirement begins. Sabbatical may not be used to extend the FIAP start date beyond June 30 in the academic year in which the faculty member turns 69.

FIAP Eligibility and Application Process

- Annually (in the spring), the Vice Provost for Faculty Office will send out confirmation of eligibility letters to those faculty entitled for FIAP in the upcoming academic year.
- Faculty members considering FIAP should speak to a representative of their school at least one year prior to the date of intended retirement
- At a minimum, Faculty will need to complete a FIAP election form noting their intent to retire on FIAP. This election form should be given to your school's Faculty Affairs Office. The Faculty member may also enter into a written agreement with the school, which includes mention of the FIAP election, and other aspects of the faculty member's post-retirement relationship with the School
